

WHAT TEETH TELL US

TEETH ARE LIKE FINGERPRINTS¹

every set is unique

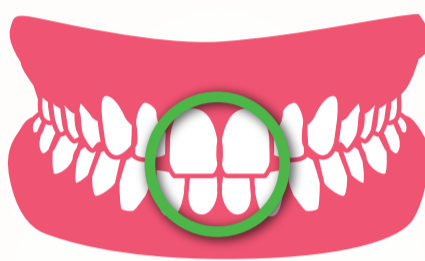

AGE²

younger

CENTRAL INCISORS

older

rectangular with rounded corners

shorter with square corners

HABITS³

stress

70% of grinding is due to stress. This causes teeth tips to appear flat.

nail biting

small chips or cracks on teeth, uneven teeth tips

thumbsucking

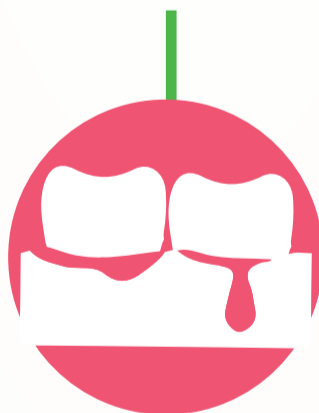

protruding front teeth, uneven bite, speech problems

CONDITIONS³

IF YOUR DENTIST SEES...

teeth look healthy, but patient has upper teeth pain

swollen gums, loose teeth, cavities

weak enamel, mouth sores, changes in tongue texture

IT MAY MEAN...

sinus infection

diabetes

vitamin deficiency
